

Post Oak Landing Homeowners Association
Board Meeting Highlights

March 13, 2019

The Post Oak Landing website was updated to include the feedback@postoaklanding.org email under the "Contact Us" page. Also, added to the same page was acc@postoaklanding.org, which is an email to request approvals from the Architectural Control Committee. Additionally, the committee has created a form that can be completed by the homeowner when making requests. This form will be added to the website in the very near future.

The board is continuing to refine the bids received for the front entrance and street signs. Once all the information is gathered, the board will present to the community a special assessment request to make all the needed updates and improvements.

The board is working with the landscaper to beautify the front entrance and the common areas. It's spring time, and thus updates to the landscaping and grounds are needed, along with addressing the ruts and damages to the area that needs attention.

The board will be sending out a newsletter in the very near future. It will have upcoming events being discussed and other important items of interest to help all the homeowners. It will also include some of the covenants that we need to be reminded of in order to keep the community beautiful and to maintain our property values.

The next board meeting will be held on April 30, 2019.
